THE SYSTEM: CODE OF HONOR

The System is the most Powerful Team in the United States. -We have come from humble beginnings.
-We have used excitement, integrity, personal power amongst peers, and fun, with an extreme focus on massive earnings to fuel our success.
-We have used success stories and results to attract, motivate, and leader others. We are REAL.
-We believe in hands on training, coming down into the Valley to lead others by the hand up the summit we have just championed.
-We religiously attend every training event, sharpening our skills, and abilities. We know that promoting events is the most important aspect of our work.
-We are Committed. We are Visionaries. We are fiercely awaiting our individual chance to step up, present, train and lead. We are fearless and talk to everyone we know, inviting them to meet our Heroes and see our Vision.
-We completely comprehend the vastness of our trillion-dollar industry and are passionate about the opportunity we have to be in the major leagues of business.
-We attract professionals in all industries of the highest caliber to work shoulder to shoulder with us.
-We bring honor and dignity to our profession.
-Whether we are Born or Adopted into The System, we know it is a privilege to have a place at the table. We put the needs of the new members first and protect their journey, creating an environment for growth, empowerment and promotions.
-We know wealth and abundance is our god given right and we are on the warpath for financial freedom.
